By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- · For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <a href="https://www.caschooldashboard.org/">https://www.caschooldashboard.org/</a> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### School Description and Mission Statement (School Year 2021—2022)

For over 10 years, The Wonderful Company, founded by Lynda and Stewart Resnick, has been working side-by-side with the residents of the Central Valley to impact positive, lasting change in the community, with education at the center of multi-generational change. In 2009, after working collaboratively with community members, the Resnicks founded Wonderful College Prep Academy ("The Academy") in Delano with the mission of graduating students who are prepared to earn a college degree and a lifetime of promising career opportunities.

The Academy currently serves approximately 1,900 students in grades TK-12 and boasts one of the highest four-year college going rates in the community – with just over 75% of the students in the class of 2021 being accepted to a four-year college or university. Within the Central Valley, college degree attainment is less than half of the state and national averages with indication of a significant skills gap emerging. Wonderful College Prep Academy has executed an educational model to ensure the young people of the region graduate from high school prepared to earn a Bachelor's Degree with additional options to pursue technical and specialized jobs of the future.

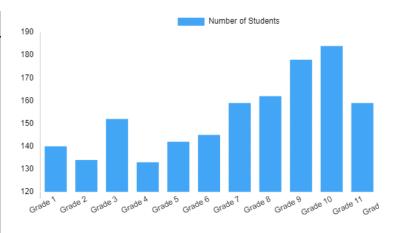

We believe that with intensive support, exposure and opportunity, all children can maximize their potential to learn and realize their dreams. We create a nurturing and welcoming learning environment for our students and their families, with a deep commitment to the community.

Students at the elementary and middle school are able to access a well-rounded curriculum that is grounded in a heavy dose of academic intervention. Each day students receive reading, writing, math, science, social studies and designated ELD instruction from teachers in a departmentalized model. Weekly our students also have access to physical education and arts courses. In the years to come, we look forward to continuing to build out our elementary STEM program and expanding our work on nutrition and healthy lifestyle choices.

Once students reach high school, Wonderful College Prep Academy immerses students in a rigorous, early college academic program with year-round programming. This ensures Academy students graduate with a high school diploma, college credits, and the academic and technical skills necessary for success in post-secondary and professional pursuits.

# **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

# Teacher Preparation and Placement (School Year 2020—2021)

Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

#### **School Facility Conditions and Planned Improvements**

Wonderful College Prep Academy is committed to creating a college-going experience for all students, including state of the art facilities that allow for students to have a collegiate experience while in their K-12 schooling. To this end, through the generous support of founders Lynda and Stewart Resnick, WCPA opened a brand new, state-of-theart facility in 2016. Due to the extensive nature of the construction process, the project has been divided into multiple phases of development.

Phase one marked the launch of our new high school campus during the 2016-2017 school year. In this first phase, our administration building, 20 high school classrooms, college-level science labs, library, gymnasium and track were opened. Features of the first phase greatly benefitted our staff, students and culture of learning.

Phase two was completed in the fall of the 2017-2018 school year. During this time, WCPA added an extension to the high school building, opened our middle school wing - including our math and STEM labs, basketball courts, middle school classrooms and an orchard of olive trees. The launch of phase two also included the opening of Harvest Hall, our state-of-the-art dining facility, which features a scratch kitchen where fresh and healthy foods are prepared by our chef alongside his kitchen staff, and a teaching kitchen, where our students are taught ways to prepare their own fresh and healthy meals. Harvest Hall also features a variety of seating options, to accommodate our K-12 student body and numerous community events.

Phase three was completed during the fall of the 2020-21 school year and included the addition of a new state-of-the-art fitness center with designated spaces for yoga, cardio and weightlifting. Phase four, completed in the fall of the 2021-22 school year included the addition of a new wing of classrooms for expanded high school courses and specialized spaces dedicated to our Special Education team.

# **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

• Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020–2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- o Aligned with CA CCSS for ELA and mathematics;
- o Available to students in grades 3 through 8, and grade 11; and
- o Uniformly administered across a grade, grade span, school, or district to all eligible students.
- Options: Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
  - o Smarter Balanced ELA and mathematics summative assessments;
  - Other assessments meeting the SBE criteria; or
  - o Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### **CAASPP Test Results in ELA and Mathematics for All Students**

Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2019-2020	School 2020–2021	District 2019-2020	District 2020–2021	State 2019-2020	State 2020–2021

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

· Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2021-2022)

The Academy has hired a Family and Community Engagement Manager Javier Guzman (661-721-2887) to help strengthen our Parent and School Partnerships. Due to the recent COVID-19 pandemic, many of WCPA's regular parental programs had to be placed on hold. Instead, WCPA held virtual parent sessions with school principals, school surveys to see how WCPA can best support families during this time, scheduled virtual parent conferences, and reached out using instructional staff to ensure parents felt engaged and supported throughout the school year. In addition, parents were still encouraged to participate in our virtual School Site Council meetings, ELAC/DELAC parent groups and regular communication through our ParentSquare communication portal.

We are in the process of increasing the number of engagement opportunities for families and have started the process of launching our Parent & Community Resource Center to help encourage family involvement in their student's academic careers. Wonderful College Prep Academy provides training to parents on improving their children's academic outcomes through training provided through PIQE - Parent Institute for Quality Education. During a traditional school year, WCPA encourages parents to attend sessions based on identified needs such as how to prevent and respond to cyber-bullying, access to information on how to improve literacy. The available parent workshops are administered for grades TK-12 for all families in both English and Spanish to help foster community engagement with our school teachers and leadership. Parents are invited and encouraged to attend events where they can engage in meaningful dialogue and problem solving.

For high school families, the Academy ensures that students are prepared to get to and through college by offering several college awareness events throughout the year - such as a FASFA application session and an orientation session for our early college program. These virtual family engagement sessions are in addition to the many opportunities that students have to engage with the college going experience throughout their time at the Academy - including several college trips throughout their enrollment at WCPA.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### **Suspensions and Expulsions**

(data collected between July through June, each full school year respectively)

Rate	School 2018-2019	School 2020–2021	District 2018-2019	District 2020–2021	State 2018-2019	State 2020–2021

Expulsions	0.79%	0.00%	0.17%	0.00%	0.08%	0.00%

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

# Suspensions and Expulsions for School Year 2019—2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-2020	District 2019-2020	State 2019-2020
Suspensions	2.70%	4.09%	2.45%
Expulsions	0.16%	0.04%	0.05%

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

# School Safety Plan (School Year 2021-2022)

Wonderful College Prep Academy maintains a safe and supportive school community. The school safety plan is updated each year and will be reviewed and approved at the February 2022 Board of Directors meeting. School safety drills are conducted once a month to test the preparedness of students and staff. School safety meetings are held twice a year. All staff members at the Academy serve on a safety team and have been trained to carry out specific duties in an emergency situation. Additionally, a complete evacuation drill is practiced annually. The Academy maintains appropriate safety gear and medical supplies in case of an emergency. Each classroom is equipped with a classroom emergency safety kit.

The school's Incident Commander is a member of the Delano community safety committee and actively works with neighboring districts and the local police and fire departments to ensure the safety of the school. Wonderful College Prep Academy employs school counselors, a school psychologist and has access to on-site health and mental health professionals at the School Wellness Center who are prepared to respond to students in crisis situations.
